Experience

Senior Software Engineer

July 2022 - March 2023

Forte · remote (New York City)

Feature development, setting up tools and culture. First engineering hire. Forte is a purpose-built music education platform for teachers and students.

- From scratch: set up Forte's Next.js application from the ground up; chose tools and workflows to enable quick iteration; established a component library for consistent user experience
- Built features: built the first iteration of various customer-facing features for Forte's marketplace: Teacher Profiles; Certified Institutions; Invitations and Sign Up; Teacher Ratings and Reviews; "Switch Role" functionality; etc.
- UX/Product Architecture: informed the UX, product flow, and overall architecture of a multi-role marketplace application

Senior Front End Engineer

April 2021 – June 2022

Monograph · remote (New York City)

Design system and feature development for Monograph's applications. Monograph makes tools to help architecture firms manage their projects, budgets, and tasks.

- Design systems: built components for Monograph's component library; wrote documentation and set up workflows between Figma and the codebase
- Features: built customer-facing features: Team Directory; filter functionality for Monograph Resource; Settings UI; "Consultants" feature; etc.
- "Glue" work; a lot of hard-to-quantify things like process documentation, choosing tools, configuration, code reviews, data migration scripts, customer support collaboration, bug triaging, etc.

Software Engineer

July 2018 - March 2021

Better.com · New York City

Design system and feature development for Better's loan origination platform. Better.com is a mortgage lender.

- Design systems: established Better's Design Systems team; built libraries to empower engineering teams to build consistent and clean UIs
- Features: built assorted borrower-facing features: Redisclosure Service; "Required Assets and Buffer" logic; Authentication/Session Expiration; UX for uploading a competitor's Loan Estimate; Loan Overview page; etc.
- Integrations: extended integrations with sales and marketing tools (call scheduling, A/B testing, etc.)
